## CANCER RESEARCH & COMMUNITY FUND

Cancer is a disease that has impacted all communities, most of our families, and many of our football teams throughout Minnesota. For the past 30 years, Randy Shaver has been there every Friday night in the fall covering high school football.

Randy Shaver has been the Sports Director at KARE-11 Television (NBC Affiliate) in Minneapolis/St. Paul since 1994. While his focus has always been on cancer research and the Minnesota cancer community, Randy's fight became intensely personal when he himself became a patient shortly after his 1998 tournament. Diagnosed with Stage IV Hodgkin's Disease, Randy's treatment and subsequent remission have understandably made him even more passionate than ever about finding a cure.

The Randy Shaver Cancer Research and Community Fund partnered with the MFCA to challenge every high school football team to sponsor at least one "Tackle Cancer" night during the months of September and October. Fans attending the game can make donations towards funding additional cancer research and together we are "Tackling Cancer."

**\*\*Join the Dragons on Friday, October 6th (Tackle Cancer Night) at 7p.m.  
Vs. Mora.**
